## so, **who** are we?

SAI Global provides Standards, compliance and business improvement solutions to help you comply with the requirements that shape your business world.

SAI Global helps **inform, inspire & improve**  
no matter what business you're in or where  
you are in the world.

## our products, services and solutions

### Access to Standards & technical information

SAI Global is your source for global technical content such as Standards and legislation. Our services include:

**Logicom** – Search more than 150 million items in our military parts and logistics database.

**Standards Infobase** – Access to more than 1 million engineering standards, specifications and directives.

**Eurolaw** – Find the full text of European Union treaties, directives and regulations.

**Metals Infobase** – Search for metal grades, Standards and suppliers.

**StandardsWatch** – Track and monitor more than 120,000 Standards.

**Standards Online Select** – Access the Standards you need.

**Regulatory NewsFeeds** – Track and monitor developments in the law.

**Webshop** – Download the Standards you need.

### Comply with Standards, technical & legislative requirements

Sarbanes-Oxley, Basel II, Anti-money laundering, CLERP 9... compliance can be a burden.

SAI Global helps you tackle:

- Business ethics
- Fraud and Corruption Control
- Privacy and Data Protection
- Anti-Money Laundering
- Information Security
- Legislative compliance
- Financial compliance

Training and awareness solutions include:

**LAWLEX** – Track and monitor risk and compliance across your business.

**Easy i** – Train employees and monitor their ongoing learning needs.

**Learning Management System (LMS), OCCAM™** – deliver and manage compliance training.

### Empower your people through training

SAI Global trains business professionals around the world every day.

SAI Global helps you understand, implement and manage business systems and processes through its education and training solutions in areas such as:

- Six Sigma
- Quality
- Environment
- Workplace Safety
- Food Safety
- Information Security
- Lead Auditing.

Public courses, seminars, workshops, instructor-led and in-house programs are tailored to your business.

SAI Global also offers you a unique training service around business improvement methodologies such as Six Sigma.

## our journey

Sustainable business performance delivered by good people, working together as a great team in the interests of customers, shareholders and the community. At SAI Global your business performance is our journey.

## our people

SAI Global's people know your business. Our people come from diverse backgrounds and offer a wide range of skills.

Business professionals, innovators, technologists, scientists, engineers, designers and many more. There is an SAI Global expert near you ready to start thinking about your business.

## our values

**People first** – Our customers, staff and shareholders are at the core of our business. We work together as a team to provide the best solutions for all stakeholders.

**Integrity** – Our strength lies in our integrity, independence and objectivity.

**Responsibility** – We are accountable to all stakeholders in our business operations and activities and acknowledge the role we can play in sustainable development.

**Forward thinking** – Innovation, knowledge and results shape our thinking and actions, as we strive to move forward.

### Recognize your assurance achievements

SAI Global's expert auditors independently assess your business processes to help you drive improvement.

SAI Global provides independent assessment, certification and registration services, offering you one of the most widely recognizable symbols of excellence and assurance, the "five ticks" StandardsMark™. This Mark of quality is licensed to companies and products that have met the rigorous requirements of management systems or product Standards.
