

## DAVID SIKORSKI

### BACKGROUND

David Sikorski has been involved in the Victorian, the Australian and international business environment for over 41 years, during which time he has worked as a Change Agent at all levels of management and in various industries.

David has gained his experience through 18 years within the computer industry, five years within the public service, two years in the finance industry and 10 years as principle of his own consultancy practice.

David utilises the experience gained in these industries and the hundreds of organisations that he has assisted in improving the way they function to deliver the outputs to their stakeholders.

David has been associated with the Business Excellence Framework since its inception and works with other international models of excellence and various management sub-systems to enable the organisation perform in a planned and controlled manner rather than being reactive only to the pressures of the current situation.

### RELEVANT EXPERIENCE

David has built his career through his ability to assist organisations to identify improvement opportunities, developing appropriate solutions and to lead the change.

With extensive experience in Business Excellence, Change Management, Risk Management, Business Continuity and Process Improvement, David works with our clients using our proprietary ASE methodology to deliver the appropriate solution.
