LET OUR EXPERIENCE IMPROVE YOURS

SAI GLOBAL DELIVERS A FULL, END-TO-END SERVICE MODEL THAT ENCOMPASSES ASSESSMENT AND CERTIFICATION BUT ALSO EXTENDS INTO OTHER SERVICES AND CAPABILITIES DESIGNED TO CONTINUE TO DRIVE BUSINESS IMPROVEMENT.

We'll provide objective expert feedback on your business strengths, weaknesses, and recommended improvements. Our auditors and technical managers include some of the world's foremost authorities on industry best practices. You'll access skilled practitioners - not theorists - with many years of real-world experience in their areas of practice.

THIRD-PARTY AUDITS AND CERTIFICATION

Certification as a competitive advantage. Success today requires trusted partners who can help you meet business goals and regulatory requirements. As one of the world's largest and respected certification companies, **SAI Global is the registrar of choice for over 24,000 organizations.**

Our clients value our worldwide reach combined with local experience, and the personal support we provide at every step along your certification journey and beyond.

SECOND-PARTY AUDITS

Protect your brand reputation with our supply chain management solutions. In a world of complex supply chains and heightened third-party risk, it's business critical your suppliers meet contractual and industry requirements. SAI Global second-party audit services can make all the difference in **reducing your exposure to unforeseen negligence and potentially damaging consequences.**

TRAINING

Continuous learning for company success and personal career growth. The most successful companies invest in their people and develop leaders. Every year, **more than 12,000 people across the globe rely on SAI Global training courses** for professional development. You'll be taught by experienced specialists who have spent an average of 15-20 years in the field working on real-world quality assurance and compliance issues.

We understand all organizations operate a little differently. To meet you where you are, and help you get where you want to be, we offer training in several convenient ways:

- Public training - at our locations
- In-house training - at your workplace
- eLearning - at your computer
