

Integrated Management Systems Executive Briefing

As a leader, your commitment and support is crucial to the success of your organization's management systems.

Having leadership and commitment at the most senior levels of the organization is the best driver a business can have for implementing management systems for a purpose and the right reasons.

This executive session highlights the benefits of effective management systems and the key considerations for top management for successful implementation ISO Management Systems standards. You will gain a better understanding of both your organization's obligations and your personal responsibilities. It will enable you to develop action plans for implementing key leadership activities.

This 1.5 hour briefing session is intended for executive managers of organizations (C-suite, executive management and directors) that are implementing and/or integrating ISO management system standards (ISO 9001:2015, ISO 14001:2015, ISO 45001:2018).

It identifies the key responsibilities for Top Management when implementing the ISO management Systems framework into an organization and how to manage the risks associated with this.

THIS COURSE COVERS THE FOLLOWING TOPICS

- ISO based Management Systems (ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018) – Purpose and Benefits
- Annex SL Fundamentals
- Leadership responsibilities and Commitment
- The Business Case for Effective Performance Evaluation and Improvement

ON COMPLETION OF THE COURSE DELEGATES WILL BE ABLE TO

- Describe the purpose and benefits of ISO management systems (9001, 14001, 45001) to an organization and the potential it offers for integrated management systems
- Communicate the importance of the ISO management system standards in meeting customer and legislative requirements
- Explain the specific leadership and commitment requirements in the ISO standards for 'senior management'
- Outline the key actions required to ensure that leadership responsibilities are met

This course is suited to executive managers of organizations that are implementing and/or integrating ISO management system standards (ISO 9001, ISO 14001, ISO 45001).
