How can I achieve the qualification?	
WHICH SAI GLOBAL COURSES COUNT TOWARDS THE QUALIFICATION?	<p>Module 1: ISO 45001:2018 OHS Risk Management</p> <ul style="list-style-type: none"> BSBWHS513 Lead WHS risk management BSBWHS519 Lead the development and use of WHS risk management tools BSBWHS512 Contribute to managing work-related psychological health and safety <p>Module 2: Implementing an ISO 45001:2018 OHS Management system</p> <ul style="list-style-type: none"> BSBWHS516 Contribute to developing, implementing and maintaining an organisation's WHS management system BSBWHS517 Contribute to managing a WHS information system BSBWHS522 Manage WHS consultation and participation processes <p>Module 3: Emergency and Incident Management</p> <ul style="list-style-type: none"> BSBWHS515 Lead initial response to and investigate WHS incidents BSSWHS520 Manage Implementation of Emergency procedures <p>Module 4: Lead Auditor in OHS ISO 45001:2018</p> <ul style="list-style-type: none"> BSBAUD501 Initiate a quality Audit BSBAUD503 Lead a Quality Audit BSBAUD504 Report on a Quality Audit

How long does the qualification take to complete?	
HOW LONG DOES IT TAKE TO COMPLETE THE QUALIFICATION?	The BSB51319 Diploma of Work Health and Safety is made up of 10 units of competencies, which SAI Global has structured across 4 courses as listed above, each of the courses requires 6 months to complete. The total duration for the qualification is 2 years including 9 days of Face to Face learning.
WHY IS THE DIPLOMA ONLY 9 DAYS OF FACE TO FACE LEARNING?	<p>We have designed our Diploma qualification based on industry consultation. Our clients wanted a modularised approach to the achievement of the qualification. The qualification takes 9 days of face to face learning for several reasons:</p> <p>Clustered or Integrated Assessments</p> <p>Some training organisations train and assess each unit of competency separately. This can be frustrating and can lead to being over-assessed.</p> <p>Most SAIG assessments are based on clustered units of competency – you will see at the end of the guide the relevant unit or units of competence that each assessment task is assessing.</p> <p>We also use the approach of clustered or integrated assessments. By clustering similar BSB units of competency together you can complete short amounts of face-to-face training. This means time away from work for you. A unit can also be issued when the evidence requirements are met during the completion of a cluster of post course assessments. The post course assessment requirements for each course depends on the individual's skills.</p> <p>The integrated assessment approach is outlined by your facilitator for each course. In class you are guided through to ensure you have a thorough understanding of the assessment requirements.</p> <p>This approach works best for people with current auditing and/or management systems experience who are able to complete the post course workplace assessment requirements. This approach does not work for everyone. If you have any queries please contact our customer service team.</p>
Post Course Assessment Requirements	
HOW LONG DO THE POST COURSE ASSESSMENTS TAKE FOR EACH COURSE?	The post course assessment requirements for each course varies as they award different units of competency. It is estimated between 30-40 hours to Complete, based on your experience and skills and knowledge.
OVER WHAT TIME FRAME SHOULD YOU COMPLETE YOUR QUALIFICATION?	Given that you must complete post course assessment tasks for all accredited courses in the Diploma of Quality Auditing qualification, it is best to space out your attendance and completion of the modules. We generally recommended you complete the courses over a period of 6-24 months – this will vary based on your situation.
Post Course Qualification Pathways	
WHAT ARE THE RECOMMENDED PATHWAYS FOLLOWING THIS PROGRAM?	<p>After achieving this qualification candidates may wish to complete other qualifications including;</p> <p>BSB51918 Diploma of Leadership and management</p> <p>Alternatively, candidates may seek to enroll in post graduate qualifications through a University.</p>

Language, Literacy and Numeracy Requirements for this Qualification

WHAT ARE THE LITERACY REQUIREMENTS FOR THIS QUALIFICATION?	<p>Candidates are required to have a suitable level of language and literacy to enable them to successfully participate in and complete the required course work and assessment requirements. This means candidates need to have effective language, communications and interpersonal skills and have the ability to write a range of documentation relevant to auditing the specific management systems pathway.</p> <p>At Diploma level assessments will focus on the evidence of:</p> <ul style="list-style-type: none"> • Cognitive and communication skills to identify, analyse, synthesise and act on information from a range of sources • Cognitive, technical and communication skills to analyse, plan, design and evaluate approaches to unpredictable problems and/or management requirements • Specialist technical and creative skills to express ideas and perspectives • Communication skills to transfer knowledge and specialised skills to others and demonstrate understanding of knowledge <p>We are able to adjust some assessment requirements on request.</p> <p>Candidates with special needs are advised to email training@saiglobal.com prior to booking so that reasonable adjustments to training and assessment can be contemplated.</p> <p>Please see our training Code of Practice and the Student Handbook on the SAI Global Website for further information https://infostore.saiglobal.com/en-au/Training-Terms-and-Conditions/</p>
