

## SAI Global for Qualification: BSB60615 Advanced Diploma of Work Health and Safety

**How do I achieve this qualification?**

BSB60615 Advanced Diploma of Work Health and Safety requires:  
 1. All core units from BSB51315 Diploma of Work Health and Safety or equivalent competencies  
 2. 8 units of competency.

SAI Global has designed the qualification to consist of five courses:

**Pre-requisite** - Incident Investigation and Due Diligence

**Stream One** - ISO 45001:2018 OHS Risk Management

**Stream Two** - Implementing an ISO 45001:2018 OHS Management System

**Stream Three** - Select one from the electives listed below:

Auditing an ISO 45001:2018 OHS Management System

Lead Auditor in OHS ISO 45001:2018 & ISO 19011:2018

**Stream Four** - Compliance Program Design & Management

### PRE-REQUISITE: Entry unit for this qualification

Entry unit	SAI Global Course
BSBWHS505 Investigate WHS incidents	Incident Investigation and Due Diligence
<b>Additional unit (unmapped)</b>	
BSBWHS410 Contribute to work-related health and safety measures and initiatives	

### STREAM ONE: Mandatory and entry Units of Competency for this qualification (as per packaging rule)

Entry units	SAI Global Course
BSBWHS503 Contribute to the systematic management of WHS risk BSBWHS504 Manage WHS risks	ISO 45001:2018 OHS Risk Management
<b>Core units</b>	
BSBWHS603 Implement WHS risk management	
<b>Additional unit (Not mapped to Adv Dip WHS)</b>	
BSBWHS509 Facilitate the development and use of hazard management tools	

### STREAM TWO: Mandatory and entry Units of Competency for this qualification (as per packaging rule)

Entry units	SAI Global Course
BSBWHS502 Manage effective WHS consultation and participation processes BSBWHS506 Contribute to developing, implementing and maintaining WHS management systems	Implementing an ISO 45001:2018 OHS Management System
<b>Core units</b>	
BSBWHS601 Apply legislative frameworks for WHS BSBWHS602 Facilitate WHS activities BSBWHS605 Develop, implement and maintain WHS management systems	
<b>Additional unit (not mapped to Adv Dip WHS)</b>	
BSBWHS507 Contribute to managing WHS information systems	

### STREAM THREE: Mandatory and Elective Units of Competency for this qualification

Select one pathway from the suggested categories below

Core units	SAI Global Course
BSBWHS604 Evaluate the WHS performance of organisations	Auditing an ISO 45001:2018 OHS Management System Lead Auditor in OHS ISO 45001:2018 & ISO 19011:2018

	<b>Elective units</b>	
	BSBWHS606 Conduct a WHS audit	Auditing an ISO 45001:2018 OHS Management System Lead Auditor in OHS ISO 45001:2018 & ISO
	<b>STREAM FOUR: Elective Units of Competency for this qualification (as per packaging rule)</b>	
	<b>Elective units</b>	<b>SAI Global Course</b>
	BSBCOM601 Research compliance requirements and issues BSBCOM603 Plan and establish compliance management systems BSBMGT608 Manage innovation and continuous improvement	Compliance Program Design & Management
<b>Qualification Rules</b>	<p><b>Total number of units = 8</b>  <b>5 core units plus</b>  <b>3 elective units, of which:</b>  <b>1 elective unit must be from the listed electives</b>  <b>up to 2 electives may selected from the listed electives, or from any currently endorsed Training Package or accredited course at Advanced Diploma level</b>  <b>if not listed, 1 elective unit may be selected from a Diploma of any currently endorsed Training Package or accredited course.</b></p> <p><b>Elective units must be relevant to the work environment and the qualification, maintain the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome.</b></p> <p><b>This is a suggested qualification pathway based on completion of SAI Global courses. There are other options available for students who have completed additional and relevant Diploma or Advanced Diploma level units of competency from other training organisations. For further information about the rules for this qualification refer to <a href="http://www.training.gov.au">www.training.gov.au</a>; <a href="https://training.gov.au/Training/Details/BSB60615">https://training.gov.au/Training/Details/BSB60615</a></b></p>	

<b>ABOUT THE QUALIFICATION</b>	
<b>Who is this qualification suitable for?</b>	<p>This qualification is suitable for people who apply advanced practical knowledge to coordinate, facilitate and maintain the Work Health and Safety (WHS) program in one or more fields of work in an organisation, such as a WHS practitioner or HR practitioner. They may work under the guidance of an occupational health and safety professional.</p> <p>Graduates at this level will have a broad range of cognitive, technical and communication skills to select and apply methods and technologies to:</p> <ul style="list-style-type: none"> <li>• analyse information to complete a range of activities</li> <li>• interpret and transmit solutions to unpredictable and sometimes complex problems</li> <li>• transmit information and skills to others</li> </ul>

### UNITS OF COMPETENCY ISSUED BY ANOTHER RTO

<p><b>Can I use other units of competency towards the qualification from another RTO?</b></p>	<p>You may have already completed some of the mandatory units or elective units of competency that can count towards this qualification. SAI Global recognises all units of competency issued by other RTO's. Nominated units of competency must be relevant to the qualification and must be at Advanced Diploma level – however one unit of competency can be selected from a Diploma level qualification</p> <p>The units must be currently listed in a current Business Services training package. Up to 2 units can be selected from any current and relevant training package.</p> <p>Alternatively you may have completed relevant units of competency (e.g. WHS units of competency from other courses or qualifications with SAI Global such as; BSB51615 Diploma of Work Health and Safety that can count towards this qualification.</p> <p>Refer to the Qualification mapping guidelines on <a href="https://training.gov.au/Training/Details/BSB60615">https://training.gov.au/Training/Details/BSB60615</a></p>
---	---

### QUALIFICATION PRE-REQUISITES AND ENTRY REQUIREMENTS

<p><b>What are the entry requirements for the qualification?</b></p>	<p><b>Entry Requirements</b></p> <p>All core units from BSB51315 Diploma of Work Health and Safety or equivalent competencies. Equivalent competencies are predecessors to the following units which have been mapped as equivalent:</p> <ul style="list-style-type: none"> <li>BSBWHS502 Manage effective WHS consultation and participation processes</li> <li>BSBWHS503 Contribute to the systematic management of WHS risk</li> <li>BSBWHS504 Manage WHS risks</li> <li>BSBWHS505 Investigate WHS incidents</li> <li>BSBWHS506 Contribute to developing, implementing and maintaining WHS management systems</li> </ul> <p>No licensing, legislative or certification requirements apply to this qualification at the time of publication.</p>
--	--

<b>HOW LONG DOES THE QUALIFICATION TAKE TO COMPLETE?</b>	
<b>How long does it take to complete the qualification?</b>	<p>Face to face learning - 11-14 days</p> <p>Each course takes at least 6 months to complete all post course assessment task requirements.</p>
<b>Why does the Diploma only 11-14 days to complete?</b>	<p>We have designed our Advanced Diploma qualification based on industry consultation. Our clients wanted a modularised approach to the achievement of the qualification. The qualification takes 11-14 days for several reasons:</p> <p><b>Clustered or Integrated Assessments</b></p> <p>Some training organisations train and assess each unit of competency separately. This can be frustrating and can lead to being over-assessed.</p> <p>Most SAIG assessments are based on clustered units of competency – you will see at the end of the guide the relevant unit or units of competence that each assessment task is assessing.</p> <p>We also use the approach of clustered or integrated assessments. By clustering similar WHS units of competency together you can complete short amounts of face-to-face training. This means time away from work for you. The post course assessment requirements for each course will take between 20-40 hours to complete.</p> <p>The integrated assessment approach is outlined by your facilitator for each course. In class you are guided through to ensure you have a thorough understanding of the assessment requirements.</p> <p>This approach works best for people with current auditing and/or management systems experience who are able to complete the post course workplace assessment requirements. This approach does not work for everyone. If you have any queries please contact our customer service team.</p>
<b>POST COURSE ASSESSMENT REQUIREMENTS</b>	
<b>How long do the post course assessments take for each course?</b>	The post course assessment requirements for each course varies as they award different units of competency. It is estimated between will take between 30-40 hours to complete based on your experience and skills and knowledge.
<b>Over what time frame should you complete your qualification?</b>	Given that you must complete post course assessment tasks for all accredited courses in the Advanced Diploma of Work Health and Safety qualification, it is best to space out your attendance and completion of the modules. We generally recommended you complete the courses over a period of 6-24 months – this will vary based on yoursituation.
<b>POST COURSE QUALIFICATION PATHWAYS</b>	
<b>What are the recommended pathways following this program?</b>	<p>After achieving this qualification candidates may wish to complete other qualifications including;</p> <p>BSB51918 Diploma of Leadership and Management BSB51615 Diploma of Quality Auditing</p> <p>Alternatively, candidates may seek to enroll in post graduate qualifications through a University.</p>

**LANGUAGE, LITERACY AND NUMERACY REQUIREMENTS FOR THIS QUALIFICATION**

<p><b>What are the literacy requirements for this qualification?</b></p>	<p>Candidates are required to have a suitable level of language and literacy to enable them to successfully participate in and complete the required course work and assessment requirements. This means candidates need to have effective language, communications and interpersonal skills and have the ability to write a range of documentation relevant to auditing the specific management systems pathway.</p> <p>At <b>Advanced Diploma</b> level assessments will focus on the evidence of:</p> <ul style="list-style-type: none"> <li>➤ <i>Cognitive and communication skills to identify, analyse, synthesise and act on information from a range of sources</i></li> <li>➤ <i>Cognitive, technical and communication skills to analyse, plan, design and evaluate approaches to unpredictable problems and/or management requirements</i></li> <li>➤ <i>Specialist technical and creative skills to express ideas and perspectives</i></li> <li>➤ <i>Communication skills to transfer knowledge and specialised skills to others and demonstrate understanding of knowledge</i></li> </ul> <p>We are able to adjust some assessment requirements on request.</p> <p>Candidates with special needs are advised to email <a href="mailto:training@saiglobal.com">training@saiglobal.com</a> prior to booking so that reasonable adjustments to training and assessment can be contemplated.</p> <p>Please see our training Code of Practice and the Student Handbook on the SAI Global Website for further information</p> <p><a href="https://infostore.saiglobal.com/en-au/Training-Terms-and-Conditions/">https://infostore.saiglobal.com/en-au/Training-Terms-and-Conditions/</a></p>
<p><b>What if I have previously done a unit of competency that has now been superseded?</b></p>	<p>Most qualifications through SAI Global allow flexibility for the student to select a number of electives from a range of qualifications and training packages.</p> <p>When this is the case, the packaging rules for all qualifications state that the elective units selected from other training packages must be from a “current” training package.</p>
<b>GENERAL QUESTIONS</b>	
<p><b>What are RPL and Credit Transfer?</b></p>	<p>Please refer to the SAI Global Website for further information about the RPL process and the Diploma of Quality Auditing:</p> <p><a href="https://www.saiglobal.com/en-au/assurance/training/recognition_of_prior_learning/">https://www.saiglobal.com/en-au/assurance/training/recognition_of_prior_learning/</a></p>
<p><b>What are the fees for RPL and Credit transfer?</b></p>	<p>Refer to the SAI Global website in the Terms and Conditions;</p> <p><a href="https://infostore.saiglobal.com/en-au/Training-">https://infostore.saiglobal.com/en-au/Training-</a></p>
